## YOU AND EXMARK MOWERS

Like you, we're up before the sun, regardless of the conditions. Hot, humid, nasty...  
Most people couldn't finish this day. Many wouldn't even start.

But none of that matters to you. There's work to do.

Like you, your Exmark is built to not just perform, but thrive when others  
are throwing in the towel. Your signature is the professional finish your Exmark  
leaves on the lawns you maintain. You're a team on a mission to deliver what  
your customers want... what they expect.

So, bring on those summer showers and humidity that hangs like a blanket. Push through  
the choking dust and swarms of mosquitoes. Dominate the acres of turf in front of you.  
Bermuda, bluegrass, centipede, fescue or zoysia... it doesn't matter.

There's no stopping you... or your Exmark mower.

Let's finish the job, close the deal, and beat  
the sunset like we always do. Because  
you're cut from the same metal as that red  
mower in your rear-view mirror, you aren't  
just good at this.

Like Exmark mowers...  
**you were built for this.**

**BUILT FOR THIS.**

## BUILT FOR...

### Solutions

Reduce labor needs with larger, more productive mowers

### Performance

The power and speed pros need to finish jobs fast

### Durability

Ready to run hard all day, every day

### Commitment

Exhaustively tested both in the lab and in the field

### Profitability

Engineered to deliver the lowest overall cost of ownership

### Long Days

Enhanced comfort features keep operators up and running

### Clean Cuts

Everyone wants the Exmark signature quality of cut

### Backyard

Finish work faster and get back to doing what you love

### Future

Committed to innovations today, tomorrow and into the future

## ...Everyone

## CHARGING INTO 2023

We're unleashing our first electric commercial mowers: the **Commercial 21 V-Series** walk-behind and HyperCell™ powered **Vertex® V-Series** stand-on models. With Exmark's signature cut quality and cutting-edge battery power, they deliver the performance you expect, with less sound, fewer emissions, and unmatched long-term durability. Featured on Vertex® V-Series models, **Adapt®** enables the operator to adjust deck rake easily, without tools, to optimize cutting performance in a wider range of cutting conditions.

**PRODUCTIVITY.  
COMMERCIAL DURABILITY.  
EASE OF USE.**

#### FEATURES

**5-inch Deep Cast Aluminum Cutting Deck**  
*2-in-1: Bag and Mulch*

**Commercial-Grade Engines**  
*Honda® or Kawasaki®*

**Patented Front Height Adjustment System**  
*Eliminates need for pivot-style adjusters*

**Infinite Speed Control**  
*Multi-zone transmission provides infinite speed control from zero to 4.2 mph*

**Multiple Blade Options**  
*The option of five blade choices gives you the flexibility to customize for your unique cutting conditions*

# COMMERCIAL 21 X-SERIES

Known for getting the job done faster, and better, Exmark's commercial-grade 21-inch walk-behind mowers deliver an unmatched quality of cut—and years of worry-free service—that have become the industry benchmarks. Recent design features like the patented front height adjustment system and single-point rear height adjust provide even more versatility when mowing.

#### EASE OF USE

The Commercial 21 has simple, straightforward controls and a lightweight, durable cast aluminum cutting deck, which reduces weight and eases maneuverability.

#### THE EXMARK SIGNATURE CUT

The true test of a mower is the cut quality it delivers. The Commercial 21 is engineered to consistently deliver an unmatched quality of cut, whether mulching or bagging. A variety of optional blades let you further optimize performance for your specific cutting conditions.

**BATTERY POWERED.  
COMMERCIAL DURABILITY.  
SIGNATURE QUALITY OF CUT.**

#### FEATURES

**5-inch Deep Cast Aluminum Cutting Deck**  
2-in-1: Bag and Mulch

**2kW Brushless DC Motor**  
Comes with two 60V 7.5Ah 405Wh batteries and rapid charger (capable of reaching 90% charge in 75 minutes)

**Safety**  
Operates below the 85dB threshold OSHA uses for hearing protection

**Patented Front Height Adjustment System**  
Eliminates need for pivot-style adjusters

**Infinite Speed Control**  
Multi-zone transmission provides infinite speed control from zero to 3.5 mph

# COMMERCIAL 21 V-SERIES

Combine Exmark's signature cut quality with battery power and the result is the new Commercial 21 V-Series electric walk-behind mower. With the same 1/4-inch thick cast alloy cutting deck, heavy-duty transmission and controls as our industry benchmark gas-powered Commercial 21 models, the new machine delivers the commercial productivity, cut quality and durability landscape professionals need.

#### 60V PROFESSIONAL POWER SYSTEM

Battery power meets commercial mowing. Quiet operation. Zero engine exhaust emissions. No gas or oil changes resulting in virtually no maintenance. And perfect for HOAs and quiet zones.

#### THE EXMARK SIGNATURE CUT

With the same 5-inch-deep die-cast aluminum cutting deck as our gas-powered Commercial 21, the new Commercial 21 V-Series is the only electric walk-behind that offers our signature cut.

# COMMERCIAL 30

If you're looking for even more productivity, but still require the maneuverability and cost effectiveness of a smaller walk-behind, step up to Exmark's Commercial 30. As the lightest weight machine in it's class this machine is agile enough to tackle any property. These Commercial 30 mowers deliver up to a 40% increase in cutting efficiency compared to a standard 21-inch mower—so you can cut more grass in less time.

#### PRODUCTIVITY

Commercial 30 delivers the productivity of a larger walk-behind mower, with the versatility and maneuverability of a smaller machine. The 30-inch width of cut allows operators to cut 40 percent more with each pass than a 21-inch walk-behind mower.

#### COMMERCIAL DURABILITY

For increased durability in commercial use, the Commercial 30 comes standard with heavy-duty side braces, an engine guard, a metal side-discharge cover and a 1-inch diameter front bumper.

## TOP ACCESSORIES

#### Micro-Mulch System

Accessories may not fit each mower model. Please visit [exmark.com](http://exmark.com) or check with your dealer on accessory fit-up for each model.

## QUALITY OF CUT. LONG-LASTING PERFORMANCE. ENHANCED CONTROL SYSTEM.

### FEATURES

#### UltraCut™ Series 3 or 4 Deck

Side Discharge: 36 | 48 | 52 | 60

#### Commercial-Grade Engines

Kohler or Kawasaki

#### Patented Enhanced Control System

Natural, ergonomic hand position helps reduce operator fatigue

#### Patented Belt Covers

Can be removed without tools for easy debris removal and quick belt access

# TURF TRACER®

The Turf Tracer is Exmark's premium wide-area, walk-behind mower, combining the productivity of larger cutting decks and hydro-drive components with the unmatched quality of a full-floating deck. They are engineered for speed, efficiency and durability, and always deliver a quality of cut that is second to none.

#### LONG-LASTING PERFORMANCE

These hydro-drive models provide more control, instant response, and precise speed regulation with full-reverse and zero-turn maneuverability for unmatched productivity and durability.

#### CONVENIENT DECK LATCH

Changing the height of cut has been made easy with the added deck latch. Rather than holding the deck while changing the height of cut, the deck will now lock into place making it easier on operators. (Not available on 36-inch decks.)

## STARIS® E-SERIES

The compact Exmark Staris stand-on zero-turn mower is an extraordinary blend of productivity and value. The stable, low-profile design and intuitive controls make Staris easy to operate, while the heavy-duty tubular steel frame and formed, welded UltraCut Series 3 cutting decks ensure maximum long-term durability.

**SINGLE-POINT HEIGHT-OF-CUT**  
Operators can quickly and accurately change the cut height by simply adjusting the pin and raising or lowering the deck.

**COMPACT DESIGN**  
The compact size of Staris reduces trailer and storage space; and gives you the ability to access more yards, more quickly, while providing exceptional maneuverability on tough terrain.

# VERTEX<sup>®</sup> S-SERIES

The Vertex represents the next generation of stand-on zero-turn mower performance. Every detail was considered, researched, and designed to deliver the durability, quality of cut and ease of use landscape professionals expect from Exmark. With UltraCut Series 4 cutting decks in up to 60-inch cut widths, Vertex has the power and productivity to make quick work of tough jobs.

#### DESIGN SIMPLICITY

Operating a Vertex mower is easy, thanks to the simple, ergonomic design. Key, choke, throttle, height of cut adjustment... they're all right there. Hop on, and you're ready to go.

#### QUALITY OF CUT

Vertex S-Series stand-ons are built to consistently deliver the legendary quality of cut all Exmark mowers are famous for.

# VERTEX V-SERIES

As Exmark's first electric stand-on mower, the Vertex V-Series is the future of commercial mowing. Built with the commercial durability and cut quality landscape maintenance pros expect from Exmark, the Vertex V-Series delivers maximum productivity and reduced maintenance needs. The advanced HyperCell power system and patent-pending management software provides up to seven hours of runtime per charge. Equipped with a 52-inch Electric Series 4 side-discharge cutting deck, the Vertex V-Series is ready to take on quiet zones and HOAs.

**ADAPT® SYSTEM**  
Make quick adjustments to optimize quality of cut and performance for a variety of turf types and conditions. Particularly in wet, overgrown, or lush conditions, or stemmy grasses and weeds.

**HYPERCELL**  
The HyperCell power system produces zero engine exhaust emissions and provides up to seven hours of runtime with each charge.

#### FEATURES

##### UltraCut Deck Technology

Side Discharge: 48 | 52 | 60 | 72

Rear Discharge: 60 | 72

##### Commercial-Grade Engines

Kohler or Kawasaki

##### Hydro-Drive System

Eliminated hoses and added tougher bearings, an improved cooling system and increased oil capacity

##### Unibody Frame

Fully welded tubular frame design places major components like the engine, hydro-drive and fuel tank lower for better mass centralization

# LAZER Z

For over 25 years, Exmark's Lazer Z has been considered the gold standard in commercial-grade, zero-turn excellence. Pro cutters and homeowners have aspired to experience their superior cut quality, productivity, durability and performance. Built for easier maintenance and longer life, our Lazer Z mowers are simpler, tougher and easier to operate.

#### THE SIGNATURE CUT

We've optimized the blade-tip speed of the UltraCut decks to perfect the distance and uniformity of clipping discharge. All the components in our deck work together to deliver the signature Exmark look, cut after cut. Job after job.

#### ENHANCED TRACTION AND HANDLING

Our Lazer Z mowers are more responsive and easier to operate, ultimately increasing productivity. The mower's low center of gravity combined with relocated components and seat position improves traction. The result is a well-balanced machine.

## TOP ACCESSORIES

- Air Ride Suspension Kit
- LED Light Kit
- Micro-Mulch System
- Operator Controlled Discharge
- Sun Shade
- Tractus Tire
- Trash Container
- Turf Striping Kit
- UltraVac Collection Systems

Accessories may not fit each mower model. Please visit [exmark.com](http://exmark.com) or check with your dealer on accessory fit-up for each model.

BUILT FOR THE LAZER Z

COST OF OWNERSHIP

Since initial cost is just a fraction of a mower's total cost over its lifetime, each Lazer Z model is engineered to minimize service and maintenance costs over time. From the fuel savings of the available EFI-equipped engines to the sealed, no-grease caster bearings and unitized hydro pump and wheel motors, each Lazer Z is designed to maximize uptime and reduce total cost of ownership.

TRACTUS™ AIRLESS DRIVETIRE

Available for select Lazer Z models, Exmark's exclusive Tractus airless drive tires eliminate flat tires and related downtime. With a similar ride quality to pneumatic tires, Tractus increases operator comfort, while the proven tread design offers superior traction and reduced marking on concrete.

LAZER Z SUSPENSION PLATFORM

At Exmark, we're using our expert knowledge in operator comfort and ergonomics to make Lazer Z mowers more comfortable to use. The suspended operator platform maximizes productivity through increased operator comfort. Adjustable coil-over hydraulic dampers significantly reduce the impact of bumps and vibration, and the system is easy to adjust for operator size and weight.

NEXT-GENERATION RED TECHNOLOGY

Next-generation RED Technology delivers increased machine efficiency, ease of use and long-term durability. This patented technology offers the ability to control mower power and efficiency with defined performance modes. Updated with a sealed key switch and PTO connections as well as a new, console-mounted LCD display screen, the screen provides an easy-to-use interface for enhanced monitoring of vital mower functions, machine health monitoring, and operating and property statistics reporting.

Cost of Ownership

Suspension Platform

Tractus

RED

LAZER Z SEATING SYSTEM

At Exmark, we've taken comfort to a whole new level, becoming experts in the game-changing science of ergonomics. Our scientific methodology utilizes pressure mapping to analyze the fatigue factors of vertical and lateral motion, driving the development of mower comfort. We know that if operators are more comfortable, their businesses will be more profitable.

**PREMIUM DIESEL PERFORMANCE.  
LEGENDARY DURABILITY.  
MAXIMUM COMFORT & PRODUCTIVITY.**

**FEATURES**

**UltraCut Deck Technology**

Side Discharge: 60 | 72

Rear Discharge: 72 | 96 | 144

**Commercial-Grade Engines**

Yanmar®

**Hydraulic Deck Lift**

Provides for easy cutting height adjustment and quick transport

**Reduced Maintenance**

With an efficient and robust powertrain system, these machines have less maintenance and longer service intervals. The tool-less belt access and removable floor pan makes servicing easy

# LAZER Z DIESEL

For a variety of reasons, the diesel-powered Lazer Z mowers may be the right choice for your cutting needs. They make quick work of the largest, toughest jobs and raise the bar for cut quality, operator comfort, fuel efficiency and ease of handling. Our large 144-inch flex wing deck is capable of mowing more than 11.5-acres per hour,<sup>1</sup> making it the most productive mower Exmark has ever built.

**BUILT FOR LARGE PROPERTIES**

The robust engine power and large deck sizes make these mowers Exmark's most productive diesel machines ever. They are a great solution for universities, municipalities, and other sizeable properties yet nimble enough to maneuver smaller landscapes.

**ENHANCED OPERATOR COMFORT**

Operator comfort is critical to productivity. That's why we've worked so hard to reduce noise and vibration, and placed the operator seat in full suspension on ISO mounts—so you can go for hours.

## TOP ACCESSORIES

- LED Light Kit
- Micro-Mulch System
- Operator Controlled Discharge
- Sun Shade
- Trash Container
- Turf Striping Kit
- UltraVac Collection Systems

Accessories may not fit each mower model. Please visit [exmark.com](http://exmark.com) or check with your dealer on accessory fit-up for each model.

## SIGNATURE CUT QUALITY. VACUUMING PERFECTION. RESPONSIVENESS AND CONTROL.

### FEATURES

#### Full-Floating Fabricated Deck

Rear Discharge: 42 | 48

#### Commercial-Grade Engines

Kohler

#### Easy to Service

Gas tank swings open for engine accessibility while drive belts are easily removed and installed without tools

#### Airflow flexibility

The deck collection chute is a full six inches in diameter that combined with a large diameter blower, generates more airflow for better vacuuming and debris collection

# NAVIGATOR

The Navigator, Exmark's signature fine-cut machine, has a patented fill reduction and large diameter blower allowing the operator to vacuum a perfectly mowed lawn in record time. The fill reduction system allows operators to quickly switch from dedicated bagging mode where they are collecting 100 percent of the clippings, to a fill-reduction mode where they are collecting half of the clippings while mulching the other half of the clippings. The center discharge deck is designed for two-sided trimming to more accurately control discharge, keeping flowerbeds and walkways free of clippings.

#### OPERATOR COMFORT

The effortless "Feather Touch" steering controls, combined with a bolstered high-back seat, foam padded cushion and rubber seat isolators, add up to a comfortable ride that reduces operator fatigue—for all-day operation.

#### DECK LATCH

Changing the height of cut has been made easy with the added deck latch. Rather than holding the deck while changing the height of cut, the deck will now lock into place making it easier on operators.

## TOP ACCESSORIES

- Automatic Door Opener Kit
- Dump Tubs
- LED Light Kit
- Micro-Mulch System
- Narrow Drive Tire Kit
- Powered Dump

Accessories may not fit each mower model. Please visit [exmark.com](http://exmark.com) or check with your dealer on accessory fit-up for each model.

# BUILT FOR A SIGNATURE CUT

When it comes to durability, Exmark's UltraCut decks are among the strongest in the industry and set the standard for productivity and quality of cut. These UltraCut mowing systems are the ultimate in a floating deck for efficiency, quality of cut and rugged durability. Regardless of which one you choose, your mower will deliver the cut quality, durability and longevity you expect from Exmark.

### ULTRACUT™ SERIES 3

These full-floating decks precisely follow ground contours to deliver a more consistent height of cut and reduced scalping. They feature robust, yet flexible, discharge chutes, designed to reduce the possibility of impact damage from trees, rocks and other obstacles.

### ULTRACUT™ SERIES 4

With a deeper design, these decks are formed and welded to provide superior strength and durability. These decks feature sealed, maintenance-free spindle assemblies and patented spherical bearing design on the idler arm pivots to eliminate maintenance and reduce downtime.

### ULTRACUT™ SERIES 6

All the features from the Series 4 deck are standard plus an enhanced cutter housing. The Series 6 deck cutter housing features a more robust spindle and bearings. All components in these decks work together to deliver the quality of cut you expect from an Exmark mower.

### ULTRACUT™ REAR DISCHARGE

The Rear Discharge deck has counter-rotating blades for enhanced clipping dispersion with the ability to trim on both sides of the deck. Deck comes standard with black side bumpers. Optional white bumpers available which are perfect for not leaving marks.

### ULTRACUT REAR DISCHARGE WITH FLEX WINGS

Our flex wing decks are the ultimate mowing systems for productivity with 96- or 144-inch widths available. Capable of articulating up to 20-degrees up and 15-degrees down to precisely follow ground contour, the wing decks fold hydraulically to minimize trailering space. All UltraCut Flex Wing cutting decks are engineered to not just be more productive, but also deliver the durability and signature cut quality Exmark owners expect.

### ELECTRIC SERIES 4

52-inch Electric Series 4 side-discharge cutting deck. Fabricated and welded from high-strength steel to deliver Exmark's signature quality of cut. The high-torque deck motors feature a 9-inch diameter cast aluminum spindle housings with blade retainers for maximum commercial durability.

**BUILT FOR  
COLLECTING**

When it comes to collection systems, there's no 'one size fits all' solution. That's why we engineer our collection systems for the specific needs of your Exmark mower. Whether you need a non-powered bagger for residential use, or a commercial-grade UltraVac powered collection system to power through the toughest lawn clean up, Exmark has you covered.

**ULTRAVAC 2- OR 3-BAG  
COMMERCIAL-GRADE  
POWERED COLLECTION SYSTEM**

Fits: Lazer Z (2-bag only)

- Switch between bag discharge and side discharge with quick-attach
- Less clogging with larger-diameter tubes
- Compact design minimizes trailer space for easy maneuverability
- Dust reduction with sealed hoods
- Two or three UltraVac discharge units (8 or 12 bushels)

**ULTRAVAC QUICK DUMP SYSTEM  
COMMERCIAL-GRADE  
POWERED COLLECTION SYSTEM**

Fits: Lazer Z (excludes Diesel)

- Discharges grass quickly with one simple motion of the release lever
- Features a commercial-grade steel and polyethylene hopper with rear-discharge door (7 bushels or 11 bushels)

**3-BUSHEL BAGGER**

Fits: Large walk-behinds, stand-ons and most riders

- Lightweight, easy to attach

96-Inch Gas-Powered Lazer Z

UltraVac 2- or 3-Bag

UltraVac Quick Dump System

**EXMARK MFG. CO., INC.**

415 Industrial Row | Beatrice, NE 68310 | 402.223.6300 | [www.exmark.com](http://www.exmark.com)

<sup>1</sup> Many manufacturers use 100% efficiency ratings for sale purposes. Exmark believes an 80% efficiency rating is more representative of actual mowing conditions, as it allows for turns and overlapping. Formulas for calculating acres per hour: **100% efficiency:** MPH x width of cut ÷ 99 = acres per hour | **80% efficiency:** MPH x width of cut ÷ 124 = acres per hour

<sup>2</sup> For complete details, visit [exmark.com](http://exmark.com) or your local dealer.

<sup>3</sup>The gross horsepower of these gasoline engines was laboratory rated at 3600 rpm by the engine manufacturer in accordance with SAE J1940 or SAE J2723. As configured to meet safety, emission and operating requirements, the actual engine horsepower on these mowers may be significantly lower.

<sup>4</sup>The gross horsepower of the 3TNV80FT was laboratory rated at 2600 rpm; the 3TNV88C was laboratory rated at 3000 rpm by the engine manufacturer in accordance with SAE J1995. As configured to meet safety, emission and operating requirements, the actual engine horsepower on these mowers may be significantly lower.

Products depicted in this literature are for demonstration purposes only. Actual products offered for sale may vary in use, design, required attachments and safety features. We reserve the right to improve our products and make changes in specifications, designs and standard equipment without notice and without incurring obligation.
